

**Enter the world of Machine Learning, Big Data, and AI.
Earn an M.A. in Statistics from Columbia University and
enjoy the benefits of being in the hottest job market in
New York City.**

“Machine Learning isn’t just a buzz word anymore, it is here to stay! And this program provides a strong foundation in Statistics, which aids in understanding the nitty-gritty of Machine Learning”

— Anshuma Chandak
Class of 2018

The program’s career counseling and guidance, including resume and cover letter writing workshops, meetings with employers and the personal and professional care given to each student has been far beyond my expectations”

— Oded Lowenstein
Class of 2018

**Hear from faculty and current
students. Includes live Q & A.**

**MA Statistics Program Webinar
Tuesday, January 28, 2020
Noon - 1:30 PM**
