Cash and/or gadgets will be given
to the top contestants

Lightning Talks

Grad students explain
your research in a 5-7
minute talk for non-
specialists

Sign-up:
go.ncsu.edu/awm2020

The Association for Women in Mathematics is seeking graduate students in applied and pure mathematics to present their research in a 7 minute lightning talk to our panel of judges. This is your opportunity to hone your capacity to effectively explain your research in language appropriate to a non-specialist audience.

Awards will be distributed to the top contestants! Don't want to present a talk? No worries, we will also be giving awards to top contestants for Research Posters.
