

MA 103-601 SPRING 2020

Welcome to MA 103. During the semester, you will have 4 tests; these will count for 65% of your grade. At the end of the semester, you will have to take a final exam for 25% of your grade. The remaining 10% of your grade is from homework on webassign. You will take these tests and exam on campus at the DE Proctor Center. Go to the NCSU DE web page for testing information. You may also take the tests with a remote proctor if you are located far from campus.

Arrangements for a remote proctor are made through the DE Proctor web page; this should be done as soon as possible.

You may bring one page of notes to use on each test.

The text book and homework to be graded are on-line at <http://webassign.ncsu.edu>

Make sure that you check your NCSU Unity e-mail regularly for course announcements

Your test schedule is:

TEST 1 January 27-28 Chapters 1 and 2 Lectures 1-6

TEST 2 February 20-21 Chapters 3 and 4 Lectures 7-11

TEST 3 March 23-24 Chapters 5 and 6 Lectures 12-17

TEST 4 April 13-14 Chapters 7 and 8 Lectures 18-22

FINAL EXAM (comprehensive) April 27 – May 1 Lectures 1-24

You may take your tests and exam at any time during the indicated days. Allow 1 hour for each test and 2 hours for the final exam.

The DELTA testing center gets very crowded so you should try to schedule your tests as soon as possible.

Pace yourself to complete the course by April 24. You should view 3 lectures per week to remain on schedule.

I will be sending out more emails with updated information as needed.

If you need to speak with me during the semester, my office phone number is (919) 513-2112.

My e-mail address is lada@math.ncsu.edu.
