NC State Prague: Classic Fall 2021

PROGRAM OVERVIEW

The NC State European Center in Prague is NC State’s only permanent international facility and welcomes students from all academic disciplines. Students earn NC State credit hours in one of Europe’s most beautiful cities. On-site orientation and a two-night excursion are included in the first weeks of the program, allowing students to get to know each other and NC State Prague staff members. Students will take a mandatory survival Czech language course taught by our partner university, Charles University. Additional cultural events and a 3-day excursion to a Central European city are also included in the program to engage students with the historically and culturally rich city of Prague, Czech Republic and Europe.

ACADEMICS

Students will enroll in at least 12 credits (9 for grad students) from the course options. All courses are NC State credits and most are taught by European faculty. Each course will be offered contingent upon meeting minimum enrollment.
