

GAMMA

Girls in **A**ppplied **M**ath, **M**odeling, and **A**nalysis

When: **Saturday, May 28, 2022, 11am – 2pm**

Where: Pullen Park (Shelter #3)

Grade Level: High School Girls

What Do Mathematicians Do?
What is Mathematical Research?
What is Applied Math?
What are Mathematical Models?

Discover the beauty of mathematics and its wide applicability and power in everyday life!

RSVP: Space is limited!

Register by Friday, May 20, at:

www.sciencehouse.ncsu.edu

NC STATE UNIVERSITY

Please contact Dr. Lorena Bociu at lvbociu@ncsu.edu with any questions

Schedule of Events:

Time	Event
11-11:15am	Drop off – Pullen Park, Shelter #3
11:15-11:30am	Introductions
11:30 – 12pm	<i>Math Modeling and Analysis in the Eye</i>
12 – 12:30pm	Snack Break
12:30-1:30pm	Workshop Session
1:30-1:45pm	Closing Remarks and Survey
1:45-2pm	Pick up – Pullen Park, Shelter #3

Organizers: Dr. Lorena Bociu, Matthew Broussard, Evangelia Ftaka,
Rachel Morris, and Sarah Strikwerda
(NC State University, Department of Mathematics)

Sponsoring Unit: The Science House, COS, NCSU

Support provided by NSF CAREER 1555062 (L. Bociu)

Hope to see you there! 😊
